

Individual Reflection week 4

To have the role as the team's first product owner has been a challenging task but also rewarding in form of new experiences and a better understanding of the agile working method.

I think every member of the team has done its utmost to solve their tickets and to provide as most value to the customer.

- What do I want to learn or understand better?
Designee pattern Dependency injection.
- How can I help someone else, or the entire team, to learn something new?
Support my teammates in my role as Product Owner
- What is my contribution towards the team's use of Scrum?
Fulfil my role as a Product Owner
- What is my contribution towards the team's deliveries?
Has create a connection to Google maps api.
