

Jesper Jansson Reflection week 3

What do I want to learn or understand better?

Now the tasks were big and clumsily created but I want to work more incrementally by breaking our user stories down to smaller tasks.

How can I help or someone else, or the entire team, to learn something new?

This week I showed my code and what I have learnt on how to use React.

What is my contribution towards the team's use of Scrum?

I try to stay informed and steer towards a better use of Scrum.

What is my contribution towards the team's deliverables?

This week I did the tasks assigned to me and I want to continue delivering that.
